AIA Honolulu
Strategic Plan Weave

Weaving – the Honolulu Way

"The Weave was a good exercise that was a great balance sheet of our chapter's programs. It was an efficient way to solicit chapter leader comments and organize those thoughts."

Amy Blagriff
AIA Honolulu Executive Vice President

Weave Summary

AIA Honolulu spent their strategic planning time on discussion of actions by goals, actions by strategies, and the summary of outcomes and next steps.

We provided a brief overview of mission, vision, AIA goals and strategies, but did not do any interactive exercises to discuss how we might reshape them for Honolulu the 2010-2015 mission/vision/goals. We did affirm our alignment with the Institute's Plan.

Participants included current and nominated board members, committee chairs, and AIA chapter staff.

Actions by Goal and Strategy Activities

--Weave projected on wall
--Copied actions to goal rows
--Only one goal per action
--Pre-set wall layout for setup for weaving on strategies and actions

--Copied actions to strategy columns.

Weave Agenda

9:00 – 9:30	Mission/Vision/Goals
9:30 – 10:15	Actions by Goals
10:15 – 10:45	Actions by Strategies
10:45 – 11:0	Complete Wall Weave
11:00 – 11:15	Ranking (Dot system)
11:15 – 12:00	Discussion

Time Saving Tips

- List past activities/programs in advance
- Color code current vs. past activities
- Use labels on post-its to document activities for weave posting
- Plan your day in advance (who does what)

Next Steps

- Solicit broader member input at Annual Meeting and seek volunteers for upcoming events / programs
- Encourage members to "vote" on programs for next year
- Board will decide on next year's program plan after member input at annual meeting

THE AMERICAN INSTITUTE OF ARCHITECTS

Chapter Information

- 695 Architect and Associate Members
- 116 Allied Members
- 3 Full-Time Staff
- 15 Member Board

Key Outcomes

- Support Emerging Professionals
- Enhance support for firm infrastructure and support to the profession
- Provide business tools
- Support advocacy to support business of architecture
